

Haymes Paint Builders Solutions

Australia's first family of paint.

SINCE 1935

At Haymes Paint, we understand the importance of adhering to stringent construction standards. That's why we offer durable solutions that elevate every aspect of your project.

Since 1935, our family-owned business has been dedicated to providing all Australians with quality and innovative paint and coating solutions.

This drive and commitment continues to this day, ensuring that builders always have access to surface coatings of the highest quality. We have coating solutions for every substrate in your building project and recognise that high-quality finishes take a home to the next level.

Our range includes interior and exterior broad wall, ceiling, trim, woodcare, texture, concrete, protective and specialist metal coatings. For higher-end homes we have a bespoke range of unique finishes, textures and colours to transform any space.

When you specify Haymes Paint you will have access to a dedicated business manager and support at every stage of the building process beginning with colour advice and specification, continuing through construction and concluding with client aftercare support.

The story of Australia's first family of paint.

Born in Ballarat in 1935, our business is the result of Henry Haymes' passion for providing quality, innovative paint and coating products to Australians. The business has been passed down through generations, with each Haymes family member contributing to our long-standing history of providing quality products.

We ensure our customers always have the best products to choose from; we're constantly innovating and utilising new technology.

"After all, it is our name and reputation on the can."

From left to right: Belinda Haymes, Rod Walton, Jenny Haymes, Matt Haymes and Tim Haymes.

We remain committed to supporting other family-owned businesses – whether that's local Paint Specialists, a hardware store that stocks our paint, or the professional trade painting contractors who use Haymes Paint every day.

Haymes Paint has evolved into the largest family-owned paint manufacturer in Australia. We have a dedicated team working across our network, and our products can be found at over 350 locations nationwide in a wide range of stockists, including Haymes Paint Shops and PaintRight stores. Today, our business is led by the third generation of the Haymes family.

We are still Australian Made and Owned and based in Ballarat, where it all began.

Protecting our environment for future generations.

We look for innovative ways to lessen our environmental impact by reducing water usage, waste and utilising renewable energy sources. We recently opened our state-of-the-art manufacturing facilities that will allow us to continue this commitment.

In addition, we are proud to:

- + have achieved GreenTag - GreenRate Level A and HealthRate Platinum certification on several of our products
- + be a founding member of Paintback®
- + be a member of Green Building Council

Green Building Council Australia
Member 2023-2024

Low Volatile Organic Compounds (VOC)

Haymes Paint's products are of the highest quality, with a wide selection of very low and low VOC paints that comply with the Australian Paint Approval Scheme (APAS) and Green Building Council (GBC) requirements.

In addition, all Haymes Paint colourants in our colour range contain less than 1% VOC.

Full project support across all stages of construction.

Colour Advice and Specification

From colour advice to product specification, our support includes:

- + Market leading tinters with colours that are cleaner, brighter and last longer, even under the harshest UV exposure.
- + A colour palette developed in consultation with your team.
- + Colour training for your showroom and internal staff.
- + Display colour walls for both paint and render.
- + Colour fan decks displaying the entire spectrum of Haymes Paint colours.
- + Colour sample chips for your clients to take away with them.
- + Colour matching for existing and new project specifications.
- + Product specification information.

“We are experts in colour.”

Our colour team has developed an exclusive range of colours, inspired by global trends and specifically tailored to Australian homes.

Full project support across all stages of construction.

Painting

Throughout the construction phase we are here to help with the following support:

- + A dedicated Haymes Paint Business Manager assigned to your project.
- + A project tracking system, featuring:
 - Product usage and colour tracking.
 - Digital project management tools for supervisors; and
 - Project reports based on job numbers and addresses.
- + Onsite training for supervisors and applicators.
- + Trade applicator on-site assistance.
- + Free delivery to site.

Handover and Aftercare

At the end of the project our support continues well past the build and painting stage. For every home you build, we include:

- + A new home certificate and paint care guide.
- + Touch-up kits.
- + ‘Reward-Me’ retail loyalty card.
- + Technical product support.
